B

BORO-MINO™

5-0-0 plus 10% Boron

OMRI LISTED
For Organic Use

Boro-Mino™ is an amino acid and boron fertilizer. It can be used to correct boron deficiencies in the crop and soil. Consult with your agronomist for application recommendations.

GUARANTEED ANALYSIS

Total Nitrogen (N): 5.00%
.....5.00% Water Soluble Nitrogen
Boron (B): 10.00%
Derived from: Soy Protein Hydrolysate and Boric Acid

DIRECTIONS FOR USE

Greenhouse & Indoor Production: 1/4 to 1 tsp per gal. as needed.

Field Application: Soil Fertility/Foliar Application - 1 to 2 lbs per acre as needed.

Lawn and Garden: 1/4 to 1 tsp per gal. as needed
1 tsp = 1/3 tbsp = 0.1 oz = 3 grams.

GENERAL INFO: Boro-Mino can be applied by broadcasting, in-furrow, as a side dress, via spray and through fertigation. Perform a jar test prior to tank mixing. Consult with your agronomist for application recommendations. While applying Boro-Mino consider reducing overall fertilizer application rates. Refer to feedcharts for detailed application rates and timing at: www.BioAg.com/feedcharts/.

Information regarding the contents and levels of metals in this product is available on the internet at: http://www.aapfco.org/metals.html

STORAGE: Store in cool, dry environment. Keep product in sealed container away from moisture.

WARNING: Contains Boron. Do not use on sensitive crops. Use only according to manufacturer's directions. The use of this material on any crops other than those recommended may result in injury.

CAUTION NOTICE: Buyer assumes all risk for use not in accordance with labeled directions. Harmful if swallowed. Avoid contact with skin, eyes, open cuts, and sores. Wash hands after use.
