PRODUCT INFORMATION

TRANSCEND™

Nonionic Surfactant, Drift Control Agent and Deposition Aid

TRANSCEND™ is an NPE/APE-free nonionic surfactant with built-in deposition aid and drift reduction technology.

TRANSCEND improves deposition and delivers more spray solution to the target, improving canopy penetration and leaf coverage.

The unique high-surfactant load is designed to improve the effectiveness of crop protection products that benefit from the use of a nonionic surfactant.

Functions and Benefits:

- Built-in deposition aid develops fewer fines compared to ordinary surfactants that may increase drift risk
- Creates more "right-sized" spray droplets to increase canopy penetration
- NPE/APE-free for additional crop and environmental safety
- Approved for aquatic use
- OMRI listed
- CPDA certified

Use Rates:

- Ground: 1 pint/100 gallons of spray solution
- Aerial: 2 pints/100 gallons of spray solution

Packaging:

- 2 x 2.5 gallons per case
- 275 gallon minibulk

OMRI LISTED

Excellent Crop Safety

Maximizing crop yield is more important than ever. Don't leave yield behind by choosing the wrong surfactant. **Transcend** increases fungicide performance by getting more product to the target with excellent crop safety.

Transcend™ Improved Fungicide Performance and Increased Yield at Pre-VT and VT Application Timings
