# L–5 Spray Lance

## L-5 Spray Lance

The L-5 Lance offers a fine spray pattern with greater reach and flexibility. The L-5 is perfect for the application of insecticides, fungicides, sanitizers, growth regulators and other agricultural chemical solutions.

Featuring a trigger valve with an extendable wand that increases in length from 28" to 41", a 1/4 turn valve and a ring with 5 conical nozzles, the L-5 Lance provides a variable flow, turbulent conical spray that is perpendicular to the wand.

The L-5 Lance can be used with the MSO, Hydra and BP-4Li Sprayers. Fixed length lances in 24" 30", 42", and 48" are now available for use with the L-5.

**Specifications**

Maximum Pressure - 500psi
Flow rate - 0.5 GPM @ 500psi
Part numbers:
Length - 28" to 41", Adjustable

L-5TQC: Trigger lance w/stainless quick connect
L-5E: Lance w/5 ring nozzle; no valve/no handle - For BP-4
L-5-60: 24" Fixed lance only
L-5-75: 30" Fixed lance only
L-5-90: 36" Fixed lance only
L-5-120: 48" Fixed lance only
