GrowPros SOLUTIONS

COMMERCIAL SOLUTIONS DESIGNED SPECIFICALLY FOR INDOOR CULTIVATION

THE CHARIOT - 4' ROLLING BENCH

STAINLESS STEEL! THE GAME CHANGER

GPS-ST-4X8

Our commercial grade rolling benches were designed with the commercial grower in mind. The stainless steel base will stand up to the rigorous and high humidity environments of indoor and greenhouse cannabis cultivations. Our bench will outlast any of the competition on the market. Maximize every inch of your grow space with our benches that have the biggest side to side travel on the market. The benches can go from touching each other to spread apart for a full 36" walkway. Most importantly each 8' section ships in its own box which makes installation super efficient, no missing or mystery parts, the only tool required is a battery powered drill. Anyone can set them up.

INTEDENDED APPLICATIONS

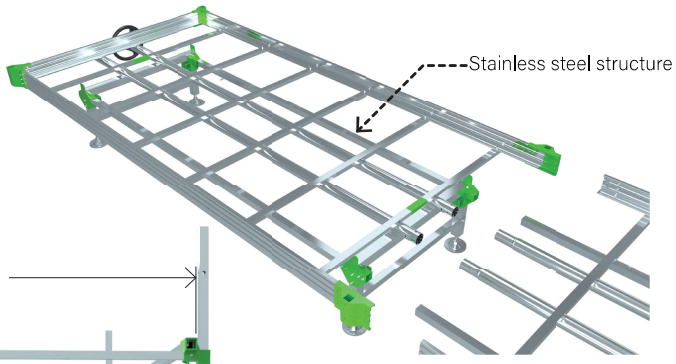

- Green House
- Maximizing Canopy Space
- Indoor Cultivation
- Basement Grows

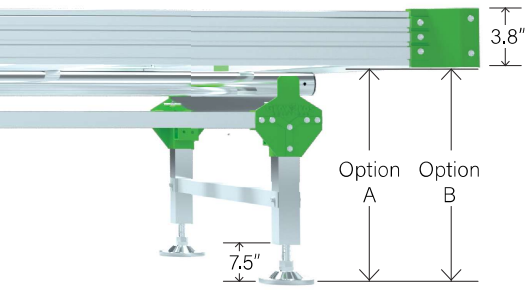

FEATURES & BENEFITS

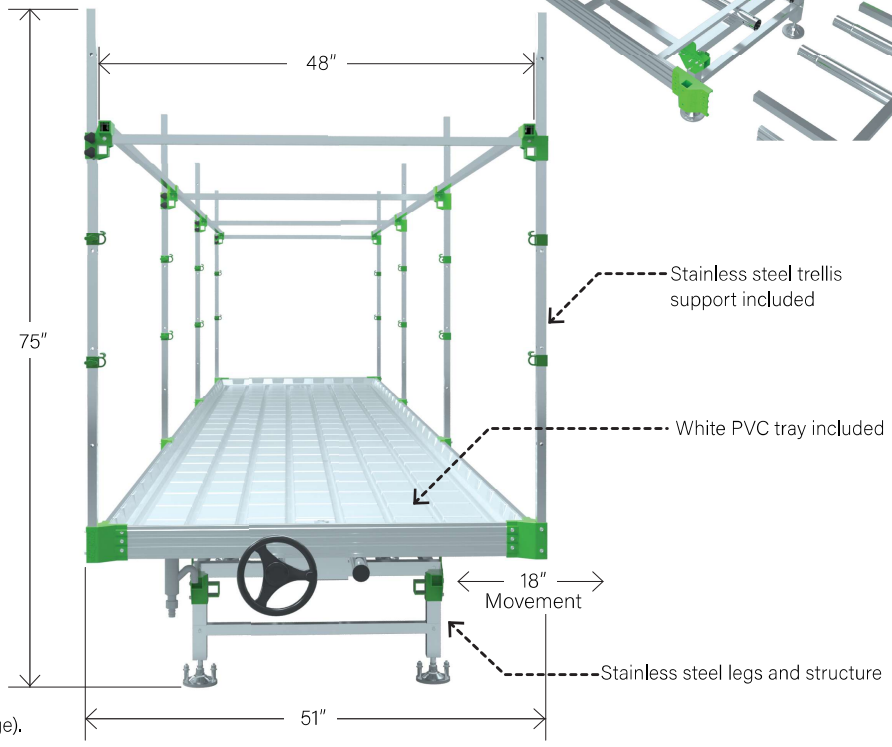

- Optimizes grow spaces: 4ft or 5ft wide benches.
- Quick assembly, only a drill is required - no professional installers needed.
