GrowPros SOLUTIONS

COMMERCIAL SOLUTIONS DESIGNED SPECIFICALLY FOR INDOOR CULTIVATION

RAM ROD - 4’ V-TRACK ROLLING BENCH

STAINLESS STEEL! THE GAME CHANGER

GPS-VTK-4X8

Our commercial grade rolling benches were designed with the commercial grower in mind. The stainless steel base will stand up to the rigorous and high humidity environments of indoor and greenhouse cannabis cultivations. Our bench will outlast any of the competition on the market. Maximize every inch of your grow space with our benches that have the biggest side to side travel on the market. Most importantly each 8’ section ships in its own box which makes installation super efficient, no missing or mystery parts, the only tool required is a battery powered drill. Anyone can set them up.

INTEDENDED APPLICATIONS

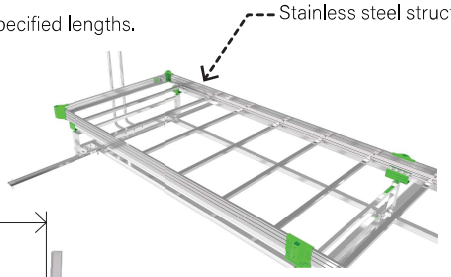

- Green House
- Indoor Cultivation
- Maximizing Canopy Space
- Basement Grows

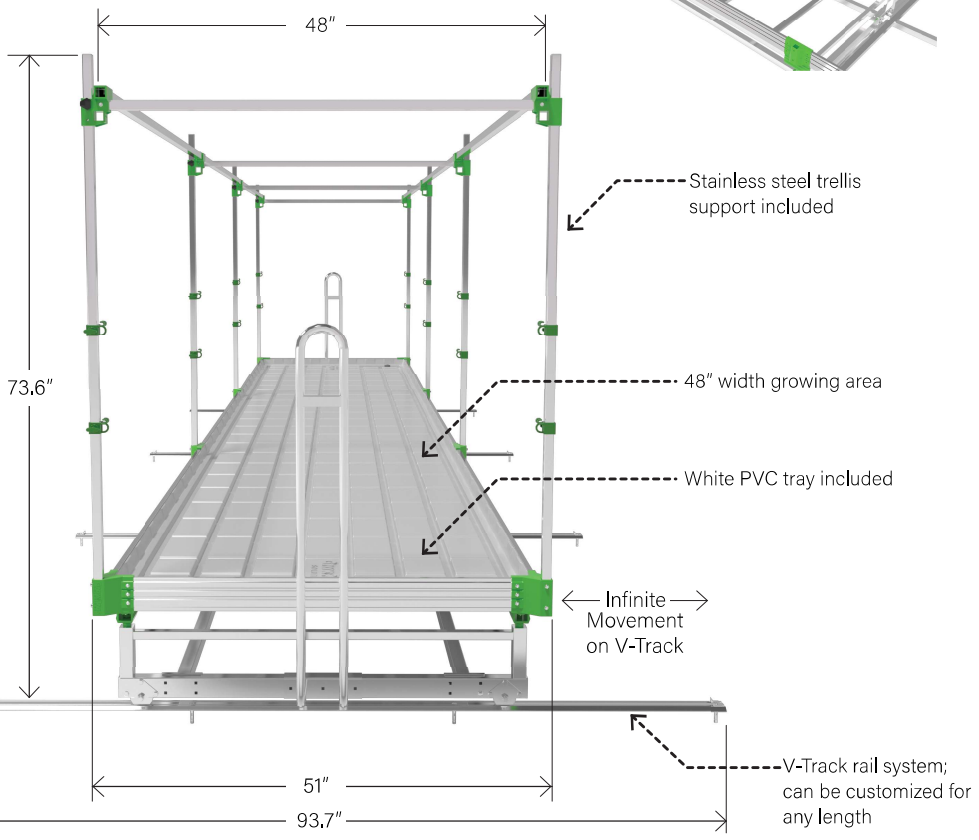

FEATURES & BENEFITS

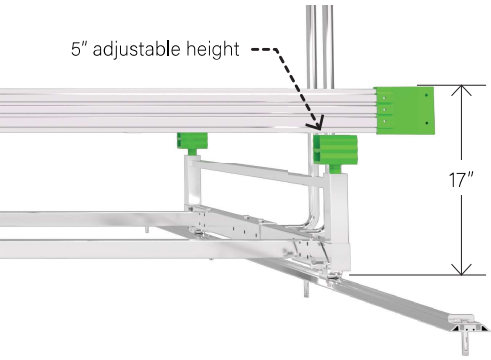

- Enhanced Mobility: Smooth-rolling benches on a floor-mounted V-track gives growers full control over spacing and positioning.
- Continuous Trays: Each V-track bench includes seamless trays for an uninterrupted growing surface.
- Quick Assembly: Designed for fast and easy setup.
- Versatile Use: Ideal for both vegatative and flowerings stages.
- Maximize Space: Adjustable spacing between tables optimizes grow area.
- Durable Build: Rust and corrosion-resistant, built for high-moisture enviroments.
- High weight capacity per square foot - perfect for commercial use.
- Wide drainage channels for easy cleaning and maintenance.
- Adjustable height to direct excess water run-off.
- Trays and trellis supports included with bench.

MODULAR TELESCOPIC DESIGN

Benches are designed to be quickly installed to specified lengths.

ADJUSTABLE HEIGHT

- STANDARD; Leg height is set at 17″.
- ADJUSTED; Leg height can be increased by 5″ for a total height of 22″.
