SOAX® ADVANCED LIQUID WETTING AGENT

Formulated for Accelerated Uniform Wetting and Longevity in Stored Mixes

OASIS® SOAX® Advanced Liquid Wetting Agent is a proprietary blend of non-ionic surfactants designed to provide longevity and accelerate uniform wetting of growing media mixes that may be stored for several months. Formulated to maximize water efficiency and initial substrate wetting and rewetting, OASIS® SOAX® Advanced Liquid Wetting Agent can be applied during media mixing or during propagation and production of greenhouse and nursery crops. Compatible with liquid fertilizers, OASIS® SOAX® Advanced Liquid Wetting Agent is available in 1-gallon jugs, 5-gallon pails and 55-gallon drums.

Applications

Ideal for extending surfactant longevity during substrate storage. Optimizes initial wetting and rewetting of substrates, including difficult-to-wet bark mixes.

Provides fast initial wetting and residual activity

Maximizes water penetration, reduces channeling

Optimizes water efficiency and nutrient inputs

Reduces irrigation events and related labor costs

Protects plant quality, improves retail sell-through

Features & Benefits

+ Used during the mixing of growing media, this proprietary advanced liquid surfactant blend promotes rapid initial wetting and provides reliable wetability following various storage durations.
+ Used as a maintenance application during propagation and production, this liquid surfactant blend helps maximize water efficiency and nutrient distribution in greenhouse and nursery crops.
+ Advanced liquid surfactant blend helps maintain substrate moisture, prevent water repellency, reduce channeling, and improve rewetting capabilities should substrate dry down occur.
+ Improved water management and reduced irrigation requirements optimize efficiencies of irrigation, nutrient applications and labor, to maximize ROI and lower production costs.
+ Plant-friendly, non-ionic chemistry is compatible with liquid fertilizer injector applications and eliminates surfactant toxicity concerns, even with young plants.
+ Pre-shipping drench applications prepare crops for harsh retail conditions, help maintain retail quality and sell-through, and reduce costly shrink.

Technical Specifications

Product Description: Plant-friendly OASIS® SOAX® Advanced Liquid Wetting Agent is a proprietary blend of non-ionic surfactants formulated to provide residual activity and promote initial wetting and rewetting of growing media.

Note: OASIS® SOAX® Advanced Liquid Wetting Agent can be used at initial substrate mixing, during production, or prior to shipping. Compatible with liquid fertilizer injector application, mix in cool water (60°F, 15°C - 72°F, 22°C, not to exceed 90°F, 32°C) to maximize solubility.

For Incorporation, Drench and Crop Maintenance Rates, please refer to Product Usage documents or product label.

Guaranteed Analysis

Active Ingredients:

Polyethylene-polypropylene glycol copolymer blend..... 90.0%

Alkylphenol 10.0%

General Properties	OASIS® SOAX® Advanced Liquid Wetting Agent
Appearance	Hazy and viscous
pH	5.8
Specific Gravity	1.03 (at 25° C)
Viscosity	850 cPs (at 25° C)

Storage and Handling

Store in original container in a cool, dry location out of direct sunlight, above freezing temperatures (32°F, 0°C). Flash Point (>212°F, >100°C). Stored properly, product shelf life is 2 years from manufacture date.

Food Safety

Used as recommended, this product is safe for use with food crops.

Disposal

For opened and/or unused product, please check with your local waste disposal facility for appropriate disposal options.

Product Options

Item Code	Product Description	Packaging	Units Per Case	Cases Per Pallet
5918	**1 Gallon** OASIS® SOAX® Advanced Liquid Wetting Agent	Jug	4	30
5919	**5 Gallon** OASIS® SOAX® Advanced Liquid Wetting Agent	Pail	1	48
5920	**55 Gallon** OASIS® SOAX® Advanced Liquid Wetting Agent	Drum	1	4

Note: These items are available in the US and Canada. If you are interested in these products but are located outside these countries, please contact Customer Service at +1 (855) 585-4769 or support@oasisgrower.com for more information.
