CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS: None

This product has been reviewed and was found to be non-hazardous per the GHS Standard.

STORAGE AND HANDLING

Store in a clean dry area at temperatures above 45 ˚F.

DO NOT FREEZE

GENERAL INFORMATION

Embella Liquid Fertilizer contains 7% L-amino acids and 0.6% chitosan, as well as a proprietary blend of other natural growth promoting substances. Embella promotes beneficial microbial activity by stimulating them and encouraging the breakdown of nutrients to make them more available to the plant. Embella stimulates a plant's natural immune response, which enhances its tolerance to drought, disease, and other abiotic stress. Embella also increases the water holding capacity of the soil, which decreases watering requirements and helps prevent groundwater and downstream contamination.

APPLICATION INSTRUCTIONS

Alfalfa: Soil-apply 8-12 oz. per acre at or near dormancy break, and, foliar-apply 4-8 oz. per acre 7-10 days after each cutting.

Cane & Vine Crops: Soil-apply 16 oz. per acre in early spring or in autumn.

Citrus: Apply 16 oz. per acre twice per year via soil or drip application.

Nut Crops: Soil-apply 16 oz. per acre in early spring or post-harvest.

Potato and other Tuber Crops: Apply 8-12 oz. per acre in furrow, as side-dress (with or without fertilizer) or on/near planting surface. Foliar-apply as needed at a rate of 4– 6 oz. per acre every 30 – 45 days.

Row Crops (Corn, Soybean, etc.): Apply 8-12 oz. per acre in furrow, as side-dress (with or without fertilizer) or on/near planting surface. Foliar-apply as needed at a rate of 4– 6 oz. per acre every 30 – 45 days.

Small Grains: Soil apply 16 oz. per acre at planting or near dormancy-break and foliar-apply 8-16 oz. per acre, as needed.

Turf: Soil-apply 8 - 16 oz. per acre at planting or sod-laying. Foliar-apply 8 - 16 oz. per acre every 14 – 28 days.

COMPATIBILITY

Embella Liquid Fertilizer is compatible with most fertilizers and pesticides but a jar test must be performed before tank mixing.

CONDITIONS OF SALE

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the sellers control, the sellers liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.

Do not apply if a heavy rain is expected. Do not apply near water, storm drains or drainage ditches or to any impervious surface. Only apply to the intended application area.
